Film Series Next Up on Sept. 6th
Finding Vivian Maier

The Rossmoor Photography Club is very pleased to bring back this very popular film on Tuesday, September 6th, at the Peacock Theater at 7:00 pm.

Finding Vivian Maier is the critically acclaimed documentary about a mysterious nanny, who secretly took over 100,000 photographs that were hidden in storage lockers and, discovered decades later, is now among the 20th century’s greatest photographers. Directed by John Maloof and Charlie Siskel, Maier’s strange and riveting life and art are revealed through a review of her street photographs, films, and interviews with dozens who thought they knew her.

Maier’s massive body of work would come to light when in 2007 her work was discovered at a local thrift auction house on Chicago’s Northwest Side. From there, it would eventually impact the world over and change the life of the man who championed her work and brought it to the public eye, John Maloof.

Currently, Vivian Maier’s body of work is being archived and cataloged for the enjoyment of others and for future generations. John Maloof is at the core of this project after reconstructing most of the archive, having been previously dispersed to the various buyers attending that auction. Now, with roughly 90% of her archive reconstructed, Vivian’s work is part of a renaissance in interest in the art of Street Photography.

A Few Words on Competition

Each month the first, second and third place winners in each competition category are submitted to the Northern California Council of Camera Clubs, commonly known as N4C. The N4C is made up of sixteen camera/photography clubs from all over the Greater Bay Area, ranging from as far north as Santa Rosa to San Jose in the south. The Rossmoor Photography Club submissions are then judged against the best photographs from the other clubs. Those RPC photographs which have received awards in the August N4C competition are displayed below.

While we take pride in the excellence of our photographers, it should be noted that judging photography, just like any other art form, is often capricious and can never accurately reflect the worth of any photograph. The value of competition is in the education and growth of those photographers who participate.

The surest way to improve your photography is to participate in club competitions, and attend our competition meetings. Whatever your level and no matter what instrument you use to take pictures you are whole-heartedly encouraged to participate. Photographs are displayed anonymously, and you can feel comfortable that we all come to learn from each other and not to sit in judgement. While it may seem daunting at first, you will quickly learn that it is all not as difficult as you thought.
